NiceHansa Speedo Heavy Duty

For sliding gates weighing up to 1200 kg.

The Speedo has been the benchmark in sliding gate automation for more than a decade and a legend in reliability.

Powerful and fast 24 V motor and steel gears make it **the perfect choice for heavy residential or industrial gates**. For high traffic access areas add a **PowerPack to your installation** to provide you with up to 600 openings per day! 1200kg gate and 600 openings per day - peerless performance!

The Speedo's intelligent integrated controller makes it **easily programmable** with simplified setup procedures and easy trouble shooting.

Motor features:

- soft start/soft stop facility;
- LED array and display for indication of gate motor status and for easy trouble shooting and fault finding;
- general purpose relay (potential free) conveniently allows clients to switch any auxiliary device;
- the A.S.A.P. mode ensures fast gate auto-closure;
- obstruction detection increases safety whilst the gate is operational;
- battery back-up;
- loop detector facility;
- programmable slow down distance;
- optional plug in receiver;
- lockable manual override release handle;
- 4 cable entry points allow for easy installation.

Technical specifications

Code	SPEEDOHD	SPEEDOHDPP
Electrical data		
Power Supply (Vac/Hz)		230
Absorption (A)	0.4*	1.6
Power (W)		360
Performance data		
Speed load dependant (m/min)		16 - 21
Force (N)		600
Work cycle (cycles/day)	200	600
Operations in standby with battery		30
Dimensional and general data		
Protection level (IP)		44
Working temp. (°C Min/Max)		-20 ÷ +50
Dimensions (mm)		450x250x385 h
Weight (kg)		16

*Power consumption from mains with battery charger
